TVH offers a full line of Floyd Bell Piezo alarms. Please contact your sales representative for models not shown.

AERIAL TOOL BIN

- Ergonomic, triangular shaped design weighs 10lb
- Usable space measures 17" x 17", with a 24" front
- Holds up to 50 pounds
- Made of reinforced, non-conductive, UV protected polypropylene orange plastic
- Light, durable... and nearly as strong as steel
- Attaches to square or rounded 90 degree corners of a platform's railing
- 3 compartments with removable partition walls
- Multi-positional magnetic parts tray for holding small parts, attaches to the metal strips on top of the bin
- Tool belt holder safely secures a worker's tool belt to the front of the bin
- Built-in handle for easy carrying

| Part# | Description |
|-----------|-----------------------|
| SYBIN-AWP | Scissor lift tool bin |

No more bending all-day-long searching for tools and parts. Everything is right at hand.

More relief for your back – your tool belt attaches right to the front of the bin.

Includes a multi-positional, magnetic parts tray for holding small parts, which attaches to the metal strips on top of the bin.
